

## **Thank You to Our Independent Candidates**

Date: 05 July 2024

Redbridge Matters would like to take this opportunity to say a huge thank you to Noor Jahan Begum for running an exceptionally engaging, energetic, and positive campaign.

Noor Jahan secured a fantastic result, beating mainstream parties even though it was her first election campaign. She is a big inspiration to us all. We are very proud to support her and her campaign.

RM would also like to congratulate Leanne Mohamad for her fantastic result in Ilford North, where she nearly beat Labour's Wes Streeting in a safe Labour ward. Well done for a great result and a tremendous achievement by Leanne and her campaign team.

Also, we extend our appreciation to Cllr Shanell Johnson for running a resident led campaign to bring about positive change.

Although it was not a win, Noor Jahan, Leanne Mohamad and Shanell Johnson's campaign teams have done exceptionally well within a short period of time, which is almost unheard of.

Finally, we commend all the RM volunteers and would like to thank the team, who have worked hard during a brilliant campaign.

With this general election and by endorsing our local Independent candidates, RM helped lay the foundations for a grassroots movement for real political change and have challenged the political status quo.

We look forward to working with our activists and volunteers to take this movement forward and provide an alternative platform for the collective independent political voice of the people.

We express our sincere gratitude to our community members and well-wishers for their support and encouragement in RM's humble journey, and with your encouragement we are actively working and focusing on our next challenge.

**Executive Committee,  
Redbridge Matters**
